Updated: September 19

Name of University	Jeju National University (JNU)
Introduction of University	<p>Jeju National University (JNU) is the only state-designated Flagship Korean National University on Jeju, an island that has been awarded UNESCO's triple crown in the field of natural science and was dubbed a New Seven Wonders of Nature. Since its opening in 1952, JNU has worked to cultivate talent who will change the future under the vision of "a university faithful to the basics and a university prepared for the future."</p> <p>The nation's university assessment has named JNU as having the best educational environment in terms of the ratio of full-time professors to students and per capita educational expenses. This proves that JNU has advanced its educational environment to the next level. JNU runs 15 colleges, 1 graduate school, 3 professional graduate schools, and 6 specialized graduate schools. Particularly, it boasts of well-established teachers' colleges for potential primary and secondary teachers and a comprehensive medical education system that includes colleges specialized in medicine, pharmacy, nursing and veterinary medicine. To nurture global talent, JNU runs a customized curriculum that offers students all types of courses from foundational to advanced levels.</p> <p>Currently, JNU has 11,200 international students from nearly 48 countries and networks with an estimated 323 universities from more than 50 countries, including the United States. This network of global education has been fully established and students are encouraged to participate in its overseas internship program, intensive English education program, and student exchange program.</p>
